Decide on Decision Time!

Author Richard Davidson's new book, *Decision Time! Better Decisions for a Better Life* describes the subjective and multi-variable nature of real life decisions and demonstrates techniques for making complex decisions with ease and insight.

Davidson says, "Where you are in life today is the result of all of the past decisions which you have made or which have been made for you in response to the various situations and events, both expected and unexpected, that have impacted your life. The decisions that you will make from this point forward will determine the degree to which your future will be positive or negative."

The book uses both personal and business aspects for many different decision making situations. It simplifies the decision-making process, and is applicable to any decision, from the insignificant to the very important.

Decision Time! ensures that you are prepared to handle the many decision-making situations you encounter confidently and without hesitation. This book is a must for everyone!

Davidson has written many articles, reports and proposals, as well as contributed articles and cartoons to a humor magazine. In addition, he has served as the editor of a religious publication and written scripts for a wide variety of film and video programs. This is his first book.

Decision Time! is available in softcover (ISBN: 978-1-60264-063-4) and hardcover (ISBN: 978-1-60264-064-1) from Virtualbookworm.com, Amazon.com and Barnes and Noble.com. The book can also be ordered from most bookstores around the United States and the United Kingdom. More information can be found at the author's official website, www.davidsonbooks.com.
